ADMINISTRATOR'S REPORT May 2004 Update

Subarea Health Planning Councils (SACs) Activities

- Hawaii** The SAC continued discussing health priorities for Hawaii County. Jan Yokoyama described efforts of the Big Island Coalition Against Physical and Sexual Assault to fund a coordinator for on call, sexual assault, nurse examiners to assist sexual assault victims at Hilo Medical Center.
- Honolulu** Healthcare system – Briefings and updates: Member Jennifer Diesman, HMSA, summarized Maine's new health care program for the uninsured – "Dirigo." The Hawaii legislature introduced bills this year and last year to establish a system for universal health insurance....some components are similar to that of the Dirigo plan. Hawaii and other states are closely watching how Maine's revolutionary program works to reduce the cost of health care and provide coverage for the uninsured.
- Kauai** Keiki car seats: Kauai has the highest grade for compliance in the State on the installation of keiki car seats. However, the percent of these seats which are **properly** installed for the State is only 5%. Vaughn Parongao, Motor Vehicle Control Inspector- Kauai County, summarized Hawaii's Certificate of Inspection laws/rules and reported that the state contracts with the counties to implement annual motor vehicle safety checks. Vaughn said that he would contact Kauai's 63 safety check stations and suggest that they volunteer a staff to get trained/certified as safety seat inspector and include the inspection of child safety seat installations in annual car safety checks. Member Zac Octavio will work with Vaughn to arrange inspector training/certification and special community recognition of these stations from the Keiki Injury Prevention Coalition. Vaughn and Zac will give us an update on their progress at KSAC's September 14, 2004 meeting.
- Tri-Isle** Richard Young from the Department of Education was unable to attend the meeting to discuss the Coordinated School Health Program and upcoming health and physical education activities in Maui school complexes. He will be coming to a SAC meeting during the summer with one of the District Superintendents to speak to these issues. The SAC discussed health

priorities and is gathering information to evaluate Tri-Isle Health Priorities.

West Oahu The West Oahu SAC did not meet in May.

Windward The Windward Oahu SAC did not meet in May.

Research and Statistics:

The SHPDA website had 22,349 hits during April 2004.

The Certificate of Need Application Summaries and Decisions Files, Monthly SHPDA Update Reports, Web Server Hits Statistics and SHPDA Calendar web pages were updated.

Continued preparations for the 2003 Utilization Survey mailout.
